

December 2023

Dear colleague,

The 16th International Symposium on Fiber-Reinforced Polymer (FRP) Reinforcement for Concrete Structures (FRPRCS) is organized by ACI Committee 440 and will be held on March 23 and 24, 2024 at the ACI Spring 2024 convention in New Orleans, Louisiana, USA. FRPRCS-16 will be the FRP event of 2024 gathering researchers, practitioners, owners, and manufacturers, from the US and abroad, involved in the use of FRPs as reinforcement for concrete and masonry structures, both for new construction and for strengthening and rehabilitation of existing structures.

FRPRCS is the longest running conference series on the application of FRP in civil construction, commenced in Vancouver in 1993. FRPRCS has been one of the two official conference series of the International Institute for FRP in Construction (IIFC) since 2018 (the other is the CICE series). These conference series rotate between Europe, Asia and the Americas, with alternating years between CICE and FRPRCS. The ACI convention has previously co-sponsored the FRPRCS symposium in Anaheim (2017) and Tampa (2011).

More than 60 technical presentations organized in 14 sessions will be part of the FRPRCS-16. An ACI Special Publication symposium volume will compile the corresponding peer-reviewed papers. A social reception and networking event, in parallel with a student poster session, is planned for the Saturday evening of the symposium.

More information can be found at symposium website: <https://www.frprcs16.com/>

We would like to invite your company to become a sponsor for this event. Please find attached an application for sponsorship package with information on sponsorship levels and benefits. Please let me know if you have any questions and thank you for considering this sponsorship opportunity.

Regards,

A handwritten signature in blue ink that reads 'Maria Lopez'.

Maria Lopez

Chair, ACI 440 Committee

Co-chair, FRPRCS-16 Symposium

MDLopez@modjeski.com

Conference co-chairs:

Dr. Ayman M. Okeil, *Louisiana State University, USA*

Dr. Pedram Sadeghian, *Dalhousie University, CANADA*

Dr. John J. Myers, *Missouri University of Science and Technology, USA*
